

I think it is very unfair that Sinclair Broadcasting is forcing their stations, mine is KSMO WB 62 out of Kansas City, Ks., to air smear programs like "Stolen Honor" which is one-sided and harmful to our democracy. Your company uses public airway free of charge and are required by law to serve the public interest. If you feel you must show this, then air a pro-John Kerry program such as "Going Upriver" shortly thereafter. Thank you.
